# Cyigna Labs Group – How we became the #2 DDI Vendor

**2001**

N3K was founded at the end of 2000 as part of a separation of the DDI business of Articon-Integralis. N3K has started as VitalQIP Reseller with already 20 large enterprise customers under maintenance.

**2018**

Cyigna Labs launches Cygna Auditor Platform. Cygna Auditor is the first auditing platform designed and built from scratch for the needs of the hybrid cloud world.

**2020**

Cyigna Labs takes over BeyondTrust PowerBroker Management Suite Solution (PBMS). Cygna Labs offers PBMS Clients full support of existing BeyondTrust PBMS solution.

**2023**

NCC's DDI Business in the UK becomes part of Cygna Labs Group.

**2017**

Industry Veterans who developed Blackbird Management Suite established privately held Cygna Labs Corp. N3K makes equity investment and becomes minority shareholder.

**2019**

N3K Group GmbH acquires majority stake in Cygna Labs, boosting its global presence and network.

**2021**

Swiss private equity firm INVISION AG acquires N3K Group, bolstering yet again global reach for Cygna Labs platforms. N3K Group was renamed to Cygna Labs Group.

**2022**

Cyigna Labs acquires Diamond IP from BT and adds third-largest DDI vendor to product portfolio + No.1 Vendor independent Managed DDI – Service Provider.

**Q1 2023**

Cyigna Labs signs definitive agreement to acquire Nokia's QIP Business, making Cygna Labs the #2 DDI vendor in the world by market share.
